

THE MONOCLE SHOP

Opened in October last year, our flagship Monocle Shop in Tokyo (we also have three corners in the city; more details opposite) is in the charming Tomigaya district, southwest of leafy Yoyogi Park. It is the best place to sample our selection of enticing collaborations, gifts and exclusive products, including special *tenugui* and tote options. You can also drop by to pick up the latest issue of the magazine, of course. monocle.com/about/contacts/tokyo
