Purchaser;

someone who buys your product once and never comes back. *A cost to your business.*

Customer;

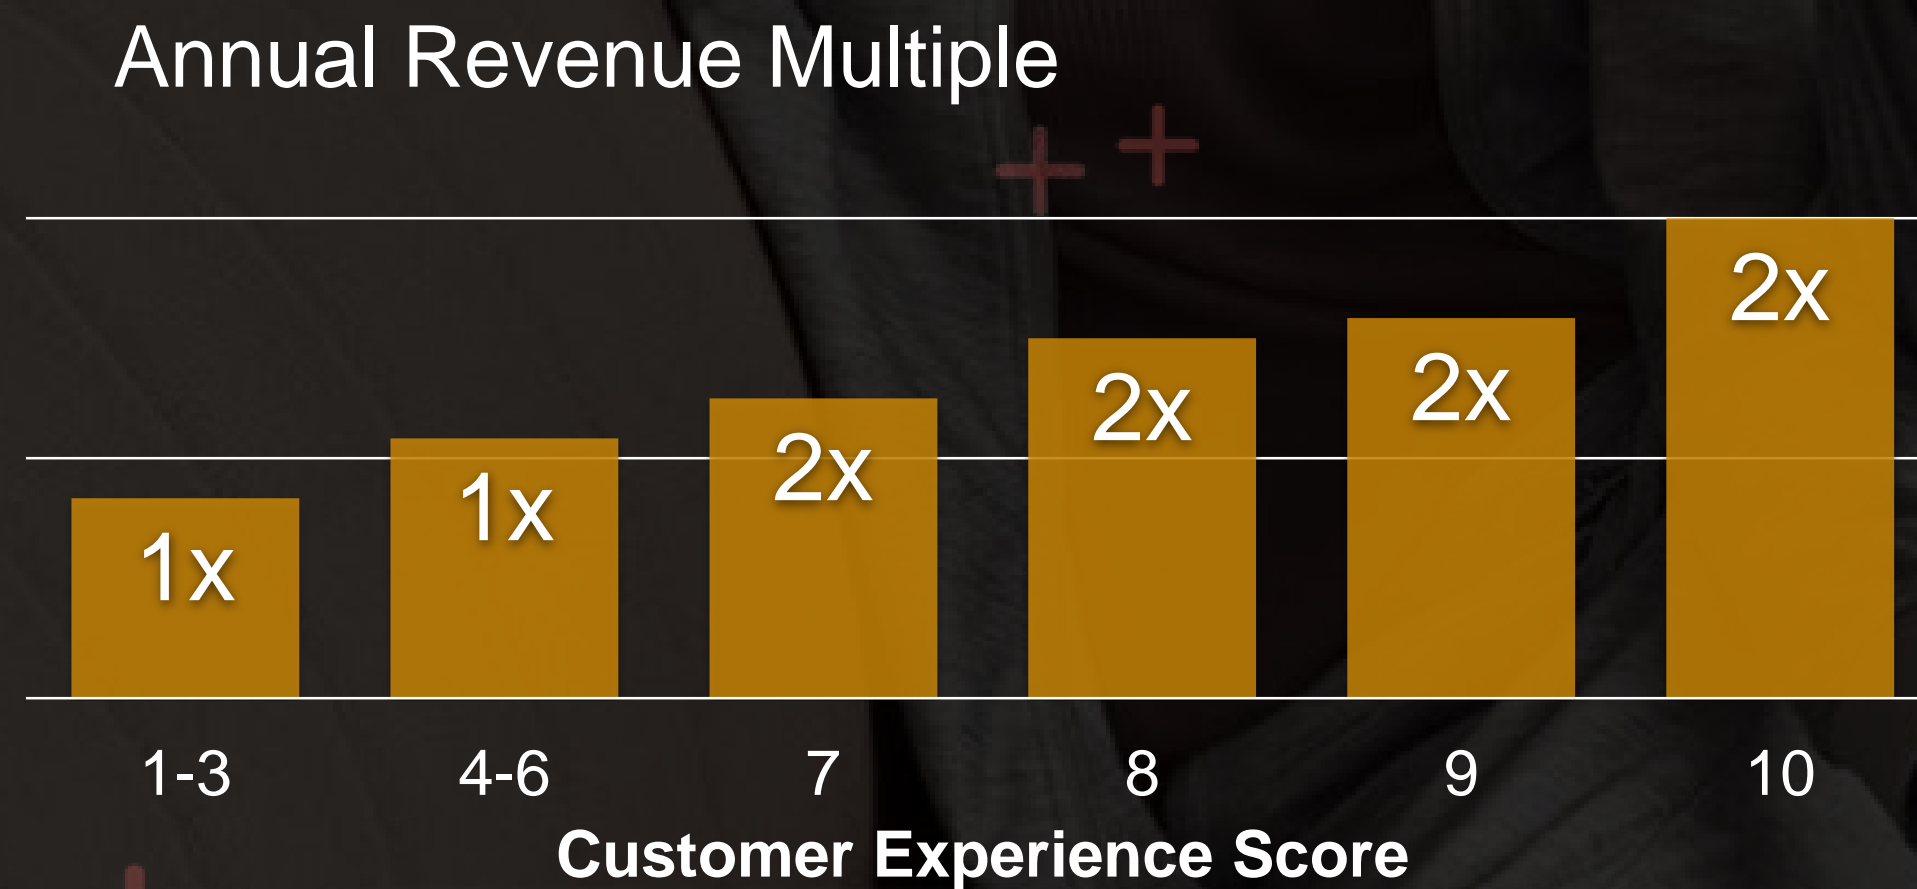

someone who comes back to you and buys again. *The lifeblood of your business and your key to growth.*

Brands need more customers to thrive.

Customer Experience impacts revenues

82%

of customers stopped doing business with a company after experiencing poor customer service in 2016 (vs 76% in 2014).

I **loved** the text **notifications** while I was waiting for my package!

the delivery was very quick and I was **notified every step of the way**...and received the day it was promised.

love how they **notify** you on how your order is going **if it was shipped or not**
